"Frequently, my thoughts get bored and walk down to my mouth. Often, this is a bad thing."

## **DAILY OPERATIONS SECTION ROLL UP REPORT and 209 SitRep**

BRANCH: **Emergency Services**

DATE: **October 6, 2017**

- EPA Teams from the Beaumont Branch continued monitoring the LD Construction Co. Oil Spill in Lumberton, Texas. The Responsible Party had an 11 man crew on site today conducting cleanup on one oil-impacted property and the RP's facility. Operations today included replacing of all used boom in all waterways, placement of absorbent sheets on affected water, and removal of affected soil/vegetation. Absorbent boom sweep of oil sheen on the surface of a pond bordering the affected RP property was continued today. Of the 10 impacted properties (including the RP's) 8 are completed, 1 (the actual RP property) is expected to be completed late next week and 1 residential property is expected to be finished tomorrow. The PRP has been hauling all contaminated vegetation from residential and RP property to the City landfill of Beaumont.
- Characterization and bulking of materials has been completed in the field. Disposal of orphaned containers and the wastes from the Houston Branch is scheduled to be completed by the October 16-18.
- EPA continues to provide contractor assistance to the USCG at the ICP in Corpus Christi for vessel salvage operations.
  - 1 EPA person at the JFO in Austin (remote)
  - 2 EPA personnel in Corpus Christi (ICP)
  - 1 EPA personnel in Houston (Bravo Branch)
  - 2 EPA personnel in the Dallas REOC
